Fine coffee never more essential than in hot weather
---Serve it either iced or steaming hot.

In city or country, fine coffee is never more essential than in hot weather. In summer particularly, you should serve Yuban for breakfast. After hot, restless nights, you will find nothing more tempting, more bracing, than a cup of truly fine coffee. On hot summer evenings, serve Yuban iced. Enjoy to the fullest the flavor for which it was selected from all the coffees of the world.

Over 8,000 grocers in Greater New York alone are supplying Yuban regularly to their trade. It is today the favorite coffee of the most critical city in the world.

The private coffee of the greatest coffee merchants can be conveniently secured at your summer home as well as in the city.
